WILCOX & GIBBS SEWING MACHINE.

We would call attention to the following facts in connection with this Machine, which renders it superior to any other in use:

It forms a flat elastic seam which *will not rip in wear;*

It is entirely noiseless.

A patented device prevents its being turned backwards;

The needle cannot be set wrong;

Can be used successfully without other instructions than accompany the Machine;

It received the Gold Medal of the American Institute in 1863. For particulars, enquire of,

A PEACE SPEECH.—J. H. Woodward, a young rebel out of Indiana, and at one time adjutant of an Indiana regiment, was called out at a recent peace meeting and responded as follows:

GENTLEMEN: The [illegible] you have heard to-day has been peace. I will tell you that there is [illegible] a man in the nation who desires peace more than I do—a permanent, lasting peace. [Cheers.] And, gentlemen, I will tell you how we will get it. Fight this war out. Take every negro in the Southern States, and exterminate every rebel, no matter where you find them. [Hisses.] Gentlemen, you need not try to hiss me down, for I am an old soldier, and I have faced almost as mean a looking crowd as is now before me. I mean the thieves and bushwhackers of Tennessee. I know I was called upon to make a speech out of derision, and I intend to tell you what I think of you. When God said he would save Sodom if ten righteous men could be found there, I have no doubt He would have done it; and to-day, if you all stood on the brink of hell, and He were to say He would save you if one loyal man could be found among you, I have not the least doubt but there would be a great many strange faces in hell for supper.

Gentlemen, when you wish to hear from me again, you have only to call upon me. I am always at home.

MAIL ROBBERY AT MARYSVILLE, CAL.—The curious world of [illegible] would like to know how Special Agent Corbett ascertained that certain letters, rifled by Eaton, were opened at the Marysville office. One of the number was ascertained in this way. In place of the greenbacks was found a piece of wrapping paper, on which was written "*Appeal*, Marysville." This was enough to designate the place of robbery. We suppose that Eaton came in possession of this wrapper in this way: In the evening, after the arrival of the Northern mail, we have frequently assisted in picking out our exchanges; we are a regular sworn clerk, but the Postmaster refuses to pay us any salary; and generally as we take them out we tear off the wrappers and throw them on the floor. Our strippings, it seems, were very serviceable.—*Appeal.*

WEDNESDAY MORNING, MARCH 8, 1865.

Irresponsible Libellors.

It has become an Americanism to rejoice in being a free people, and to pronounce that all our privileges and blessings as a people, are founded upon freedom of speech and of the press. Like all other blessings, these are frequently abused; freedom is too often construed to mean a corrupt license to say and do whatever the calls of party instigate, and personal rights are ignored or trodden upon by the very ones who, in common honor should be expected to guard the principles of freedom zealously by not abusing them. An irresponsible and depraved press, violating all rights and trampling upon the decencies of life, is the most unmitigated curse that can afflict a State. Crimes can be and are committed in the columns of such journals, that should call down the vengeance of the law, and bring severe penalty and retribution upon the perpetrators. Such is the contemplation of the law, which is intended to protect and guard the fair fame of the citizen as truly as his life and property.

There is a limit to this boasted freedom—a point where license ends, and society needs as much to guard itself against the libellor and slanderer, who lies vilely and falsely through the columns of a newspaper, as if the perpetrator had violated some enactment to preserve peace and order in the public streets and thoroughfares. The thief who prowls by night—the burglar who employs the hours of darkness to enter and despoil, have more claims upon public sympathy and respect, than has the man, or set of men who, claiming the ear of the public, as the self-constituted exponent of partisan feeling, prostitute the dignity of the press, to the base and malignant uses of low and cowardly malice, throwing upon every one who differs from or opposes them, the slime drawn from their own vile and recreant natures. Perhaps the most astonishing fact is, that men who claim to be honorable, who possess wealth and position in society, allow without dissent, these things to be done in the name of party, and endorse and sanction it by their countenance and support.

The fairness of life seems left out of politics. The strategy of political action seems often to be the almost abandonment of principle, instead of the manly strife between honorable men; and instead of cultivating the noblest principles, and appealing to true and patriotic instincts, the politician too frequently becomes the demagogue, and panders to the vilest instincts of the human race. Of course the law contemplates protection from slanderous assaults, but the license of partisan vindictiveness often calculates that it marks with impunity, knowing, that in many cases, the individual assailed will not condescend to notice them, or claim protection of the law against them. And so lies and slanders go forth to the world, prejudicing the minds of the ignorant, and satisfying the unscrupulous intentions of designing politicians. The boastful freedom of the press degenerates into an abuse of the rights of men, and the degeneracy of times increases to the extent that such base uses of it, succeed in imposing upon the credulity or increasing the prejudice of party spirit.

To wind up this article with an example in kind, we call the attention of the people of Oregon to the course pursued by a so-called Democratic paper published at Salem. This sheet has teemed with base falsehoods for months past, that lay it liable to action for libel, and it pursues this course with impunity because it is so utterly irresponsible as to be beyond the reach of the law, and its mendacity is only equalled by its insolvency. A scene in Court not long since, when the late foreman sued for his wages, brought to light the fact that the capital stock of the corporation, which owns and controls it, had all been paid in and paid out, leaving the concern behind and in debt, with its material pledged for all its worth. Of course the editor would be individually responsible for his words, but it has become a proverb, that when one sues a beggar there is only a chance to recover his itching propensities.

The plain, unvarnished fact to which we desire to call attention is, that sheet is owned by men who call themselves gentlemen—many of them possess wealth and prominence, and some of them undoubtedly furnish means to carry the concern on, despite its known insolvency. We hold up to public execration those who shelter themselves behind a rotten corporation and degrade humanity by the perpetration of libels through the cowardly ventings of a well-selected tool, who says and does what they, his masters, dare not say and do in their individual capacities. We believe the sheet in question to be sunk too low to effect by its falsehoods the ends it aims at; but the intent is still there. The crime is as great as if its punishment was not in a measure barred by irresponsibility, and they may find themselves mistaken in supposing that they can be effectually shielded from the action of the law, while public opinion will not fail—without regard to party lines—to array the best and purest minds of the State against their base and cowardly action.

THE MINT LOCATION.—As the *Mountaineer* very uncivilly declares a former statement of ours about the Mint "a lie made out of whole cloth," we refer it to Mr. Harding, who tells us there was no question about the removal. The bill had been introduced, read twice and referred to a committee which would report favorably whenever the memorial duly certified arrived. We understood from him there would be no opposition to it, and Mr. Nesmith's letter speaks for him. It happened to be this bill to remove the location that Mr. McBride asked referred. The memorial had n't arrived, and was not referred as stated by the Dalles paper. Mr. Harding also says that the memorial to extend the Columbia-river port of entry to Portland and erect bonded warehouses here meets with universal favor. So much for the *Mountaineer*. We advise that sheet to learn good manners and practice at truth telling awhile just to see if it is capable of improvement.

QUARTZ MILLS FOR IDAHO.—Mr. Harding tells us that Mr. McCarver had organized several mining companies in New York, had already shipped several quartz mills from there, bound for Idaho, and had several more in prospect to ship before long. The General was engaged in the incorporating business with his usual energy, and was doing all he could to awake in the minds of capitalists the proper appreciation due the rich ledges of our eastern neighbor.

ARRIVED.—We have had the pleasure of a call from Hon. Samuel Colt who returned from California by last steamer. Mr. Colt goes soon to Baker county to prosecute his mining operations in Humboldt Basin. Our friends at the Dalles will have an opportunity to pay their respects, though we believe their hostility will vanish when they become acquainted with the "gentleman from Baker county."

PRESIDENT'S INAUGURAL.—This will be found on the fourth page. It was received by telegraph yesterday.

Fire at Yreka.

YREKA, March 7.—At about twelve o'clock last night some wooden structures in the rear of the brick block on Miner street, known as the Colton building, were discovered to be on fire. So rapidly were the flames caught before the iron shutters could be closed, the fire reached the inside of the second story, which was occupied by the *Union* printing office. The entire office, with the exception of two presses, was destroyed. The stock of E. Lauer's dry goods store, in the lower story, was almost entirely destroyed by water from the engines. The fire was extinguished in about one hour. Losses, as given in by the proprietors, are as follows: E. Lauer, proprietor of the building, $10,000; Hackett & White, of the *Union*, $1,500; Rosenburg, $200. Lauer partially insured, no insurance on the *Union* office. The fire is supposed to have been the work of an incendiary.

EDITOR [illegible]:

SIR: Permit me to acknowledge through your columns the receipt of $107 30, in currency, and $10 95 in coin, being amount of collection taken up at a meeting of the Sanitary Aid Society of Vancouver, W. T., held in the Methodist Church on Saturday, the 4th inst.

DATES TO MARCH 8.

Reports from Richmond.

The *Herald's* [illegible] correspondent says: Deserters from Lee's army [illegible] that when he [illegible] his last [illegible] South, he [illegible] Anderson's corps with [illegible] [illegible] are being sent from Petersburg [illegible] citizens of Lynchburg [illegible] going to leave.

The [illegible]

The House of Representatives has passed a bill [illegible] does not guarantee [illegible]

The *Sentinel* of yesterday says: It is stated that Bragg has succeeded in bridging [illegible] to a bluff on the North East River, ten or fifteen miles from Wilmington.

The *Sentinel* admits that Sherman crossed the South Carolina line, [illegible] shows that he has entered North Carolina.

The *Whig* of the 1st says: All North Georgia is filled with predatory bands of forces and deserters. It is reported that Hood will have an important command in Texas. The papers in Richmond has extended [illegible] surrounding country. The farmers refuse to bring in supplies.

A Fayetteville dispatch of the 1st says: The Yankees have advanced on that [illegible]. The rebel pirate *Chickamauga* was destroyed on Saturday to prevent its falling in Yankee hands. She is in Cape Fear River.

Gen. R. J. Hill, having been authorized to raise a brigade of mounted men in North Alabama, will make his headquarters alternately at Rome, Ga., and at Gadsden, Alabama. Beauregard has authorized Hill to proclaim an amnesty to all men and their property, absent from their commands, who may join his brigade at Mill Point View.

[illegible] Washington [illegible] says: The Richmond papers received contain a telegram from Fayetteville, stating that the Federal force has advanced in that direction from Wilmington.

The Richmond *Dispatch* says: Singleton has arrived in Richmond. It says his mission is a commercial one. He proposed to exchange bacon for cotton. All the other papers intimate that his visit is of a private character.

Congressman W. C. Rives, of Virginia, has resigned his seat.

The *Dispatch* says: A Union cavalry force is moving down the Valley towards Staunton.

NEWBERN, N. C., Feb. 25.—Rebel deserters say that Lee has ordered Goldsboro and Kingston to be fortified, which order is being carried into effect. Goldsboro he says must be held at all hazards. A large force is now at work night and day at Goldsboro throwing up fortifications.

WASHINGTON, March 3.—The following is from the Richmond *Whig* of the 1st:

The *Southside Express* of yesterday states that the advance which was threatened two or three days ago has been checked if not defeated by superabundant means and for the present may have possibly been abandoned. The public need not be surprised to hear of the commencement of a battle at any moment. The enemy has not withdrawn any portion of the forces. He has moved to his left, but holds them in readiness for advancing at the best possible moment. It is believed the enemy intends a heavy flank movement some distance further down than the scene of his late operations.

The *Examiner* mentions an attempt to burn down the State Tobacco Warehouse in Richmond; says the tobacco was mostly there on private account, and fully insured. Indications are that the owners attempted to burn the building and thus secure the insurance.

The *Examiner* says on Saturday last 21 transports, containing 6,000 troops, left Alexandria for Fortress Monroe. Their destination is supposed to be Grant's lines.

NEW YORK, March 4.—The Richmond *Enquirer* says: Col. Hatch, Commissioner of Exchange, has arranged to deliver at Wilmington all Yankee prisoners in North Carolina, just as soon as transportation can be furnished. The same paper mentions the arrival of fifteen deserters from Grant's army, and says one of them stated he had seen in the Richmond papers, a report that Grant was missing on his right. This was a mistake.

Robert Toombs, in a speech at Augusta, Feb. 16th, says: Bad management and bad legislation are the causes of the dangers that beset the South. He declared that they must begin at the root of the evil if they would apply the true remedy and demand the removal of the administration.

Foreign.

HALIFAX, March 3.—The *Canard* from Liverpool on the 18th and Queenstown on the 19th has arrived.

In the House of Commons on the 17th, Layard in response to Wilkins' testimony to the ability with which Lord Lyons had discharged his duties at Washington, In no one of the many thousand cases which came up had he failed to obtain the highest approval of the Government. Watkins complained that the Government ignored the Reciprocal Treaty to be put aside without an attempt to avert it by negotiation.

The *Index* says: Seven hundred and fifteen American ships have been transferred to British registry since the commencement of the war.

A demonstration in support of the Freedman's Aid Society took place at Exeter Hall, London, on the 15th.

The weekly returns of the Banks of France shows an increase of over thirteen millions francs cash.

The ruption of Vesuvius was increasing. No damage had occurred.

From Mexico.

NEW YORK, March 4.—Advices received here through private sources state that the war in the United States is attracting the special attention of the Imperial Government. The police have been directed to arrest all who express sympathy with the Federal cause. Almanche Valle has been sentenced to a year's imprisonment for speaking favorably about the United States and predicting the speedy end of the war.

The Imperial Treasury is constantly getting lower. The hostility of the Church party to the Emperor Maximilian is on the increase. The friends of Juarez have refused to give credence to the reported defeat at Oaxaca.

ST. LOUIS, March 6.—The New Orleans *Bee* of February 26th, publishes a private letter from Matamoras, dated January 30th, which says up to this time the Mexican and Confederate authorities have been simply polite and friendly. Gens. Mejia and Slaughter having crossed the river in civil dress, dined with each other yesterday. Gen. Mejia and staff, in full uniform, entered Brownsville, Texas, where Gen. Slaughter awaited their visit with his whole command under arms and gave the visitors an artillery salute of 21 guns. After dinner, the Confederate flag was raised. The Mexican General and staff removed their caps and saluted it, the former making a speech in which he said the Confederacy would soon be recognized. He concluded by inviting the Confederates to a grand banquet at Matamoras, promising to salute their flag with 21 guns. The importance of this affair consists mainly in the fact that Gen. Mejia is the Commander in Chief of the Mexican armies, and is therefore the next personage to the Emperor.

From the South-West.

NEW ORLEANS, Feb. 25.—It is reported that Gen. Canby will leave for Mobile to-day. He is master of the situation and a good report may soon be expected from him. The fleet there under Commodore Palmer is hard at work.

Everything is quiet in the trans-Mississippi region. The rivers are higher now than they have been for years. No apprehension is felt of a land invasion by the enemy. The blockade running between Galveston and the West Indies is carried on successfully, perhaps rivalling in this respect the ports of Wilmington and Charleston. Quite a number of steamers run in and out of Galveston during the past week.

The Government stores in Texas and Shreveport are full of clothing and other necessaries of life.

The expedition fitting out at New Orleans is believed to be intended for Galveston and not Mobile.

The army of the trans Mississippi is in excellent spirits and condition. The troops are well supplied with clothes, food, and the munitions of war.

The message of Governor Allen, of Louisiana, argues in favor of placing 200,000 negroes in the army, as pioneers, wagoners, etc., and the message meets with universal approbation.

A correspondent of the Montgomery *Appeal*, writing from Grenada, Miss., says: Affairs on the border are only in tolerable condition and the country is filled with bands of guerrillas and robbers, principally deserters, whose deeds rival the days of the famous Dick Turpin. [illegible] a reign of terror has been inaugurated. The travel has been almost completely broken up in some portions of the country. Coupled with these are large numbers of soldiers, returning to their homes on furlough, [illegible] northern counties who have returned to take Confederate money for corn and the other necessaries of life from their families. If nothing is speedily done by those in authority, we may look for a desperate state of affairs here during the present month.

Sheridan Captures Early.

WASHINGTON, March [illegible] in relation to the reported [illegible] of Gen. Early by Sheridan, [illegible] Charlottesville, May have been [illegible] exaggeration.

STATE OF OREGON, } ss.

The undersigned, Mrs. Elizabeth C. Church, of Salem, Oregon, states as follows: On the second day of the late State Fair held at this place, I, together with Mrs. Cochran and Mrs. Gray, were appointed by the Managers of the Fair the regular Committee to examine and award premiums on the articles on exhibition in Class 7 of the Fair in which class the Sewing Machines were entered, and we entered upon our duties as such Committee.

Among other things in this class we examined the Grover & Baker and the Florence Sewing Machines then on exhibition, and WE UNANIMOUSLY AWARDED THE FIRST PREMIUM TO THE FLORENCE MACHINE. AFTER OUR AWARD ON THE SEWING MACHINES, [illegible] ON THE THIRD DAY OF THE FAIR, ANOTHER—A SPECIAL COMMITTEE OF FIVE—WAS APPOINTED BY SOMEBODY TO EXAMINE THE SEWING MACHINES, OF WHICH APPOINTMENT WE [illegible] UNTIL WE MADE READY TO SUBMIT OUR [illegible] IN WRITING, AND THEN WE DECLINED HAVING ANY [illegible] TO DO WITH THE MATTER.

The undersigned, N. O. Parish, makes the following statement: I am agent of the Florence Sewing Machine at Salem, Oregon. I was aware of the appointment of Mrs. Church, Mrs. Cochran and Mrs. Gray, by the Managers of the late State Fair at Salem, as the regular Committee on Sewing Machines, but never knew the award of said Committee until Judge Thornton had selected a special Committee on Sewing Machines. *I then objected and protested against the appointment of any other Committee as being discourteous to the regular Committee, and that it was irregular and improper to do so, and informed him that two of the members of the new Committee were owners of the Grover & Baker machine, and I protested that it was unjust to the Florence to appoint them known to be prejudiced in favor of the Grover & Baker. Mr. Thornton curtly cut short our conversation by telling me that "he would do as he pleased in the matter."* It was long after the close of the Fair before I could learn with certainty whether the latter Committee finally decided in favor of the Florence or not, the friends of the [illegible] being so much confused. I have [illegible] after learning them.

After a careful examination of the Sewing Machines and Machine Work on exhibition, and a full consultation, it was finally decided and agreed by the Committee TO AWARD THE FIRST PREMIUM TO THE FLORENCE MACHINE AS THE BEST MACHINE FOR DOING ALL GRADES OF WORK, and a premium to the Grover & Baker Machine for embroidery, and the report was handed [illegible] to the President of the Fair, Judge Thornton, who wrote out the report and read it to the Committee, as above stated, four of whom signed it without reading it, the other member of the Committee having been called away. LEVI ANDERSON, J. P.,
Multnomah county, Oregon.

The Grover & Baker Agent has made use of the name of J. L. THORNTON to show that Mrs. Howe's statement was incorrect and goes on in the most shameful manner. We do not know who this J. L. THORNTON is. We are not willing to believe, however, J. QUINN THORNTON is the man, for he would blush to swear to such contemptible matters. J. L. Thornton's affidavit does not show, however, that Mrs. Howe was not right in her statement of the facts, that after a long consultation it was finally decided and agreed by the Committee to award the *First Premium to the FLORENCE Machine, as the best Machine for doing all grades of work*; and a Premium to the Grover & Baker Machine for Embroidery. [illegible] report was, that it was finally decided and agreed by the ladies present, to award the first premium to the Florence Machine, for embroidery, etc., which she [illegible], but that they awarded the First Florence Machine as the best Machine for doing all grades of work, and a *Premium to the Grover & Baker Machine for Embroidery.*

We trust it will not be supposed from our efforts to prove the justice of our claim to the Oregon premium that we esteem the premium there or elsewhere, over such a competitor, of any value; to be beaten, however, by a chain-stitch machine [illegible], when exhibited in competition with ANY lock-stitch machines, as shown by the records of previous Fairs, *has been more frequently classed as a 2nd or third rate* than otherwise, would be galling indeed.

The instances are numerous where the Agent of that machine has attempted unfair advantages to obtain premiums which he [illegible] would be taken in no other manner—for proof, refer to any one of the San Francisco Sewing Machine Agents.

The developments in the Salem matter show to what perfection his practice and experience in such transactions have brought him. It is certainly amusing to follow the details in this deep-laid, premeditated and wicked plan.

The Agent of the Grover & Baker Machine selects a distant point for the field of his operations, hoping by distance to cover the means used to accomplish the fraudulent design; he selects a time also when we were engaged exhibiting the Florence at two other Fairs, which would prevent our giving it much attention at a third point. With the President of the Fair apparently pledged to award him the premium, if a Committee could not be selected who would do so; in fact, with every arrangement made beforehand that would seem to make a failure impossible, he finally ventured to place his Machine in competition with the FLORENCE. The result was just as all who know the two would anticipate—a more than disastrous defeat, to the unscrupulous manipulator of the chain-stitch humbug.

The facts in relation to the transaction at Salem now being exposed, are known [illegible] for the Agent of the Grover & Baker machine to make a successful denial of them. We have hardly begun to "take testimony" yet. The investigations now commenced will be carried forward until every particular in relation to the frauds is exposed, unless the Agent of the G. & B. machine be silenced or otherwise acknowledges the truth in the premises.

Duty to the Florence will compel us to do this and while we invite a full and most thorough investigation we trust no one will make a statement in reference thereto that they cannot fully substantiate if called upon to do so. We say this not to intimidate, but simply that the plain truth, and only that may be given.

We would suggest to the Agent of the G. & B. machine that as we are not skilled, even if we had the inclination, in the bombastic and personal abusive style of writing, apparently so much his forte, that he should refrain from it in future as calculated to [illegible] and confine the real facts in the case.

That the Florence is a substantial and reliable machine, easily understood and operated, doing the heaviest or lightest work, and requiring scarcely no change to be made for either, those who have them testify.

More than one thousand have been sold on this coast, and we do not know of one that is not giving perfect and entire satisfaction; if the owner should one that is not, no matter how or what it may be, if the owner will inform us it will be attended to without any expense whatever to the party.

Instructions will be given free to any who may wish to learn to use the Florence, or who wish to test their merits, whether they wish to purchase or not.

APPORTIONMENT OF THE SCHOOL FUND.—The following matters of interest connected with the schools of Multnomah County, have been furnished for publication by Rev. Mr. Atkinson, Superintendent of the schools. The report will be read with a great degree of pleasure by all interested in the subject:

EDITOR OREGONIAN:—There are 1,952 children in Multnomah county between the ages of four and twenty years. The amount of school funds in the treasury, for distribution among the Districts which have reported, at the date of the Apportionment, March 6th, was $7,419 39 in coin and $2,901 71 in currency, being $4,75 2 in coin, and $1,51 [illegible] in currency, apportioned per scholar. Twenty-two districts have reported; seven other districts have lost their organization or for some other cause have failed to report. The following table shows the number of pupils, and the amount of school funds apportioned to each district:

Districts.	Pupils.	Coin.	Currency.

The Clerks of the several districts above named will find their orders upon the County Treasurer for the amounts due their districts at the Post Office. It will gratify the undersigned to have them promptly presented, the money drawn and the official receipts left, so that the accounts with the districts for the current year may be closed and balanced. It is hoped that the very large amount of funds apportioned to the districts will stimulate the people to attend to their schools, and increase the facilities for educating the children in every community. It is certain that good schools will add to the welfare of the districts in all other respects.

Especially should the citizens of Portland make very liberal provisions for the twelve hundred and ninety-four children and youth, who live within the narrow limits of this city. The school fund, over seven thousand dollars in coin, apportioned to us this year, can be used so as to confer very great benefit upon our youth, even beyond our present facilities for instruction. Next year our appropriation will doubtless increase. Why not have two more *noble buildings* up soon, and furnished with teachers? Why not have evening free schools, also?

G. H. ATKINSON, Superintendent.

THEATRICALS.—A crowded house and a warm reception greeted the new company under the management of Mr. Potter, and the plays have continued in the most perfect manner up to Monday night, when "King Lear" was enacted at Willamette Theatre, to not a full house. Mr. J. H. Taylor, G. B. Waldron, Mrs. Potter Macdonald, Mrs Leslie, Miss Belle Douglas and the entire company assumed pleasing characters and their plays are appreciated by those who have witnessed them. Miss Divine has merit as a ballad singer. She is well and favorably known, and has a fine faculty of pleasing an audience. The Irwins, Mrs. Gettler, Mortimer and Pardey are filling an engagement at Griswold's Theatre, in Salem. They appear to have met with a handsome reception. We can commend them, especially Mr. and Mrs. Irwin, to the suffrages of our interior brethren, as being lights of the modern stage, in their respective lines of business.

ELECTION OF OFFICERS.—Company H, known as the Washington Guards of this city, met at the armory on Washington street last evening, and elected officers for the ensuing year as follows: Captain Charles S. Mills; 1st Lieutenant William Young; 2d Lieutenant T. B. Borst; Sergeants—1st W. G. Mackay; 2d C. C. Phillips; 3d L. C. Henrickson; 4th H. Cooke; 5th W. T. Patterson; Corporals—1st James Bothwell; 2d Richard Henschuch; T. T. Minor; 4th E. F. Albright. The civil officers were chosen as follows: E. F. Albright Secretary; Frank Dekum Treasurer.

SOWING POTATOES.—A farmer arrived in the city on Monday night with a wagon load of potatoes, and was making his way down Front street yesterday with his stock in trade, the sacks containing which happened to have been opened the night previous for inspection by a purchaser, and in this condition the rough street was too much for their safety—potatoes rolled into the channel of the avenue and were planted in the mud for a distance of several blocks, so deep that they can never be resurrected even by the propagating of their species.

ANOTHER SNOWY DAY.—Yesterday, the weather clerk having left a snow valve open, the elements so mingled themselves that every object about us shone in resplendent beauty as the sun approached the meridian. The trees were shrouded in ice-encrusted robes, every important mountain height seemed to burnish like silver, and the purple clouds were rendered really gorgeous by the contrast of Old Winter's snow. At noon, however, the scene shifted, and the weather was very inclement for the remainder of the day.

IRON FRONTS.—Our Dalles neighbors intend to add still further new and costly buildings to the adornment of their city the present season. Orders have been received at the foundry of Mr. Monnastes for several fronts for fire-proof buildings to be erected there. We are pleased to witness their progress in the line of such important improvements, and are glad to know that those contemplating such work realize the fact there is no necessity for sending away from the State to obtain the iron used.

THE SEWING MACHINE WAR.—Messrs. J. L. Parish & Co., agents for Oregon of the *Florence Machine*, have "their side of the question" in our paper this morning. Mr. E. G. Randall, agent for the *Wheeler & Wilson*, also appears in his card. It is an interesting subject for the perusal of those who are anxious to decide the question for themselves, relative to the merits of the machines in controversy at the late State Fair. Messrs. J. L. Parish & Co. make a very *fair* and impartial statement regarding the premiums awarded.

GAZLEY'S PACIFIC MONTHLY.—The February number of this new and promising Monthly has been received. Its first page is illustrated by a picture of the Crystal Cave, of El Dorado which is a very correct representation of this singular freak in nature. Henry Wells, the pioneer expressman furnishes a history of the American express business, and the number is replete with varied and interesting matter.

RECORDER'S COURT.—In Recorder's Court yesterday *Daniel Baughman* paid $15 in liquidation of cost and fine imposed for having enjoyed the pleasures incident to a "spree" in violation of ordinance No. 10. Two cases for gambling were continued until 2 o'clock P. M. to-day. H. Wagner, arrested for keeping a hurdy gurdy dance house, without a license, comes up for trial this morning with the regular order of business.

LEGAL TENDERS.—By private dispatch, received in this city last week from San Francisco, we learn of the arrival there of some $1,300,000 in Legal Tender notes, for the liquidation of the accounts against the Government in the Military Department of the Pacific.

FIRE AT VANCOUVER.—On Monday evening the quarters of Capt. Hopkins, at Fort Vancouver, were destroyed by fire, making the second time within a few months that that officer has been compelled to flee before a conflagration. We are without full particulars as to the cause of the fire.

THE MACADAMIZED ROAD AT SHERIFF'S SALE.—Sheriff Stitzel this morning advertises the P. & M. Macadamized Road for sale, in accordance with a decree of the Circuit Court to satisfy judgment and cost in the sum of $11,031 66. The sale will take place on the 5th of April.

THE SIERRA NEVADA.—The steamship *Sierra Nevada*, according to arrangements made last evening, will leave this port for Victoria and San Francisco this morning, at 7½ o'clock.

EUREKA THEATRE.—The California Minstrels played again at the above place of amusement last evening.

Reply.

VANCOUVER, March 6th, 1865.

GENTLEMEN:—Your note requesting the use of my name as a Candidate for Delegate to Congress, subject to the decision of the Union Nominating Convention of the 4th of April next, is received. In reply, permit me, gentlemen, in the first place to say, it was not my intention to enter the lists as a candidate, nor do anything that would interfere with the aspirations of other gentlemen for the position designated. Accordingly I have thus far neither taken steps nor adopted measures usually resorted to to secure such a position. Your note, all within a few days unexpected, clothed in terms so complimentary, and signed by so large a number of the loyal citizens of this county, all of whom know me, merits at this time my *sincere thanks* and *sincere acknowledgments*.

In view of the object of your note and the high character of the names appended thereto, I do not feel at liberty to decline acceding to your request. You have, gentlemen, my assent. Whatever may be the result, I shall ever cherish feelings of gratitude for the confidence and partiality of my fellow citizens.

I am advised there are gentlemen of high moral character and intellectual worth already in the field as candidates for the nomination—either of whom succeeding, should be heartily and enthusiastically supported by all true Union men. Permit me to add, that the election of an earnest Union man, one in thorough sympathy with the Administration, is of vital importance to this Territory. To again elect a partisan Democrat from this Territory to Congress, would prove as wise an act as to attach a fifth wheel to a wagon. The wheel would be absolutely useless, and equally so would be the Democrat. Again, gentlemen, thanking you for the distinguished honor you confer on me, I subscribe myself,

Yours most truly,
LEANDER HOLMES.

To Messrs. Farnsworth, D. Knight, and [illegible], Read and others.

[ADVERTISEMENT.]

Ferrell's Black List Corrected.

EDITOR OREGONIAN:

Sir: I wish to state through your paper that Mr. Wm Ferrell's statements are not true, and are calculated to mislead the public. He says I sold him a horse some time ago that I warranted *good and sound*, which is *not true*. I sold Ferrell a horse that was stiff-necked and told him so at the time, and that the horse could not make a living on grass because he could not get his head down easy to eat. No man could have seen and bought the horse without knowing the defect of the man was not blind. The horse would have been worth $100 or if he had been all right. As the horse was, he was a good work horse, and Ferrell never complained of him previous to being published.

In the year 1861 Mr. Ferrell had dealings with me to the amount of several hundred dollars, and on the 21st of May, 1861, his account was, as charged in my day books—Cash, $60 00; One Horse, $150 00; One yoke of Steers, $45 00—making a total of $255 00. On the 11th of March, 1863, he made out his note as a balance due me on account for the sum of about $225 00, and I sent it to me duly stamped. Soon after he sold me a horse and I credit for $55 00, for which I gave him credit on the note. On the 8th of February, 1865, he sent me word that he had the money ready to pay the note. I went after it, was well received by him, and he pretended to be very sorry that he did not know I was coming, as he had left his money, so that he could not pay it then, and wanted me to leave the note so that he could pay it, and on the 10th of February, 1865, the balance due on said note be paid in Greenbacks at par, which balance was for the principal and interest due on said note and not on account of said horse, as by him stated.

Now, I wish to make him the following proposition: If he will have an affidavit made out by a good Union man, and published in your paper, stating that he ever paid me $35 00 in coin (as he says) on said note, I will pay the expense thereof, and if he will publish a correct copy of said note, with the credits on the same, I will pay that expense also. *An early publication is requested.*

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, restores and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Bless the victim of dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and bring the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the people of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For fainting spells and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged.

In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which restores the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the [illegible]

Dr. Hostetter's Stomach Bitters.

As an invigorant, restorative, and a mild, safe and beneficial aperient, and alterative in its effects. It tones the stomach, improves the appetite and acts like a charm upon the spirits.

For Females:

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the depressed mental faculties, as well as strengthens the body, and it improves the [illegible].

Cure Your Cold, Save Your Lungs.

NEWELL'S

PULMONARY SYRUP

HAS

CURED THOUSANDS!

And it will Cure You!

"A Cough is generally the effect of a Cold, which has either been improperly treated or entirely neglected. When it proves obstinate there is

Always reason to fear the consequences,

as this shows a weak state of the lungs, and is often the forerunner of Consumption.—Buchanan's Domestic Medicine.

STOP THAT COUGHING!

Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supercede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S

Pulmonary Syrup!

Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by its surprising curative powers.

WHAT KILLED HIM!

Dr. Hall, in his "Journal of Health," speaking of the death of Washington Irving, asks the above question, and adds: "He might have remained with us for some years to come, had it not been for advice, kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

He Had a Cold!

Which, by some injudicious prescription, had been converted into asthma." Let me say to Dr. Hall that that "prescription" was not

NEWELL'S
PULMONARY
SYRUP.

KEEP IT IN THE HOUSE, use it freely, give it to your children upon the slightest indications of a Cold, and you will think and speak of it as all do who have become acquainted with its merits.

DATES TO MARCH 2.

President Lincoln's Second Inaugural.

[illegible] —At this second appearing to take the oath of the Presidential office, there is less occasion for an extended address than there was at the first. Then a statement somewhat in detail of the course to be pursued seemed fitting and proper. Now, at the expiration of four years, during which public declarations have been constantly called forth on every point and phase of the great events which still absorb the attention and engross the energies of the nation, little that is new could be presented. The progress of our arms, upon which all else chiefly depends, is as well known to the public as to myself, and is, I trust, reasonably satisfactory. With high hopes for the future, no prediction in regard to it has been ventured. On the occasion corresponding to this four years ago, all thoughts were then anxiously directed to the impending civil war, and all sought to avert it; and while the inaugural address, when being delivered from this place, was devoted altogether to saving the Union, the insurgent agents were in this city seeking to destroy the Union and divide it by negotiations. Both parties deprecated war, but one of them would make war rather than let the nation survive, and the other would accept war rather than let it perish, and war came. One eighth of the population were colored slaves, not distributed generally over the land, but localized in the Southern part of it. These slaves constituted a peculiar and powerful interest. All knew that this interest was somehow the cause of war. To strengthen, perpetuate and extend its interest was the object for which the insurgents would rend the Union by war, while the Government claimed no right to do more than restrict the territorial enlargement of it. Neither party expected for the war the magnitude or duration which it has already attained. Neither anticipated that the cause of conflict might cease or in any event before the conflict itself should cease—each looking for an easier triumph, and a result less fundamental.

Both read the same Bible, and pray to the same God, each invokes His aid against the other. It may seem strange that any man should dare to claim the just God's assistance, in wringing their bread from the sweat of other men's faces, but let us judge not that we may not be judged. The prayers of both could not be answered, and neither has been answered fully. The Almighty has His own purpose. Woe to the world because of offense, for it must needs be that offenses come; but woe to that man by whom offense cometh. I shall suppose that American slavery is one of the offenses. The providence of God must needs come, but this having continued through His appointed time, He now wills more than He gives to both North and South. He levies war as a woe due to those by whom the offense came. Shall we discern that there is any departure from these Divine attributes, which believers in the living God always ascribed to Him? Fondly as we hope for the event, do we pray that this mighty scourge of war may speedily pass away — yet, if God wills that it continue until the bondmen's two hundred and fifty years of unrequited toil shall be sunk, and until every drop of blood drawn with the lash shall be atoned for by another drawn by the sword, as was said three thousand years ago. Still, it must be said that the judgments of the Lord are true and righteous altogether, with malice towards none, with charity to all, with a firmness of right. As God gives us to see the right, let us strive on to finish the work we are in, bind up the material, and care for him who shall have borne the battle, and for his widow and his orphan, and do all that we may be able to achieve and cherish a just and lasting peace among ourselves and with all nations.

Miscellaneous.

WASHINGTON, March 3.—A special to the Columbia *Enquirer*, dated Mariana, Florida, Feb. 26th, says: Deckerson captured 85 prisoners, including one Colonel, three Captains, ten wagons, sixty horses, one ambulance, arms, &c. The enemy lost five killed, including their Adjutant, and four wounded, including their Colonel. Not one of Deckerson's company was lost.

OSWEGO, March 4.—Maj. Grant has received a dispatch from Gov. Fenton that the War Department at Washington have received information from Halifax that the rebels in the Provinces are contemplating a raid on Oswego, and has called a public meeting to be held in this city this afternoon, to take such action in the matter as may be necessary.

Private despatches, dated New York, March 3d, quote gold at 197.

WASHINGTON, March 4.—The procession is now forming, though a heavy rain is falling and the streets are almost impassable from the mud. The Avenue is filled with a dense mass of people. The ceremonies will take place in the State Chamber.

NEW YORK, March 3.—The *Commercial Advertiser* estimates the number of guns captured from the rebels since the first of the year at 1,301. This does not include the guns captured or destroyed on the *Alabama*, *Florida*, *Tennessee* and other rebel crafts. During the same time we have not lost 300 cannon. The *Commercial* says this equals the captures by Napoleon during all the Russian and Austrian campaign.

NEW YORK, March 3.—The *Herald's* Army of the Potomac correspondent says: Every fresh batch of rebel deserters that come within our lines reiterate the statement made by previous ones that the rebels are preparing to evacuate Richmond and Petersburg.

The *Herald's* Army of the Potomac correspondent says: No prisoners have been delivered for several days. Judge Ould says high water has prevented his doing so. This has not lessened his ability to receive large numbers of their men. It is thought to be an excuse to gain an unfair advantage in numbers. No more will be delivered by the United States until another installment has been made by them.

Letters from Nassau, dated the 16th of February, state that the steamer *Fox* (since captured) and the *Druid* returned from Nassau to Charleston on the 6th, and that on the 9th the *General Preston* had left Charleston, but after a few days was back again. The Colonial authorities had refused permission to the Captain of the gunboat *Honduras* to anchor in port during a heavy swell at sea.

NEW YORK, March 3.—Judge Hughes accompanied Singleton as far as Grant's lines on his way to Richmond, and has returned here. Singleton entered the rebel lines and proceeded to Richmond.

It is generally understood to-day that the nomination of Hugh McCulloch, as Secretary of the Treasury, will be sent to the Senate on Friday, 3d of March.

LOUISVILLE, Feb. 28.—Maj. Hamilton's command at Cloverport attacked Davis' and Magruder's guerilla band this morning, wounding and capturing Davis, and 15 guerillas under Wm. Hughes were also captured. They burned the freight train on the Lebanon Branch Railroad this morning.

NEW YORK, March 1.—The *Herald's* St. Louis dispatch says the demoralization in Kirby's army is equal to that of the other rebel army in various portions of the country. Large numbers of deserters from it are constantly coming into the Union lines at Little Rock.

WASHINGTON, March 2.—The *Herald's* special says: Sheridan has sent forward to ascertain if Lee is preparing to fall back to Lynchburg.

The Navy Department has received information of the capture of the schooner *Delia*, under English colors, near Bay Port, Fla., by the U. S. steamer *Mahaska*. She had a cargo of pig lead and some cases of sabres.

Acting-Admiral Stribling reports that on the 1st of February an expedition left the U. S. bark at midnight to destroy salt on Western Bay. The expedition returned on the 4th, having destroyed works of 13,615 gallons boiling power, 70 bushels of salt and 12 barrels of Epsom salt.

Mexican War News.

Oaxaca taken by the French.

The *Moro Castle* from Havana the 25th has arrived. A French transport from Vera Cruz had reported that the Imperialists captured Oaxaca. There was nothing new from San Domingo.

NEW YORK, March 2.—A Havana correspondent says the siege of the city of Oaxaca terminated on the 9th by the surrender of the place with its republican garrison of seven thousand men to Marshal Bazaine in command of the Imperial forces. Porfirio Diaz, the Republican commander, attempted to make his escape in disguise, but was discovered, arrested and shot. The guerillas, in Michoacan, under Rojas and Romero, had been attacked and almost annihilated by the Imperialists. Rojas and Romero were among the slain. Other guerilla parties in the South western part of the country, received severe punishment.

Congressional.

WASHINGTON, March 1.—The Senate to-day passed the six hundred million loan bill. The Senate confirmed John M. Eckfeldt to the melter and refiner of the Branch Mint at California. The Senate bill in relation to the Pacific Railroad, passed the Senate to-day. It provides that Sec. 2 of the act of July 1864, shall be so modified and amended as to allow the Central Pacific Railroad Company of California, the Union Pacific Railroad Company, and all other companies provided for in said act, to issue their six per cent. thirty year bonds with interest payable in lawful money of the United States on their separate bonds. The said companies are hereby authorized to issue respectively their bonds to the extent of one hundred million of dollars, in ad-

The Plantation Bitters [illegible] Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and our signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern [illegible] as a remedial agent [illegible]

HEART, LIVER, KIDNEYS, DIGESTIVE ORGANS and GLANDULAR SYSTEM,

And it has great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This [illegible] impossible by the [illegible] "American Medical Monthly," July 6, 1858.

This invaluable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, &c.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color, [illegible]

Full directions accompany each bottle. Sold by all Druggists. Price $1 per bottle. Prepared by Dr. H. Anders & Co., Physicians and Chemists, New York.

ALLEN'S

LUNG BALSAM!

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION. IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

"CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The despondent, [illegible] of depression and debility, becomes a new man, he [illegible] the [illegible] his mind, which was previously sunk in gloom and apathy, becomes bright and active, and he goes forth regenerated [illegible] the CONSTITUTION WATER itself, and its [illegible] condition.
